The Winter's Tale

by William Shakespeare

One of Shakespeare's last plays, and one which, while beginning with a tale of jealousy, obsession and death, moves from these dark manifestations of the human spirit, through a sunlit romance in a rustic setting, to a miraculous and gentle scene of reconciliation and repentance.

Shakespeare's genius mixes kings, queens, shepherds, thieves and lovers with some of his most quoted poetry and adds that most intriguing stage direction:— "Exit, pursued by a bear."

BOOKING FORM
