About This Production

In this contemporary comedy of manners, a man brings home a new classical record and attempts to play it.

A series of interruptions from family, friends, associates and apparent total strangers reveal much about him and his relationships past and present as his morning - and eventually his entire life - unravel before us.

About Proscenium

Proscenium was founded in 1924. Since then, our aim has been to present classic and contemporary plays to as wide an audience as possible.
