## "Tales From Hollywood"

In the late 'thirties, an astonishing group of intellectuals fled a troubled Europe for the safer climes of the New World - Los Angeles in particular. Christopher Hampton's play, both sad and witty, evokes this era, and the great culture clash it enveloped ... when Schoenberg played tennis with the Marx brothers, and Johnny Weissmuller brought Tarzan to tea with Thomas Mann. It's about Hollywood's warm acceptance of this refugee talent, and its total inability to know what to do with it ...

Following the highly successful production of Macbeth this moving drama promises to be an exiting finale to a first class Proscenium season.

To book tickets send the tear off section below, together with a cheque/postal order payable to Proscenium and a stamped, addressed envelope to:
